The Perfect End

The Kovenant

Look at me and tell me what you see
(I fell in love in a perfect end)
I am not what you think I am
(I fell in love in a perfect end)
Too weird to live, too rare to die
(I fell in love in a perfect end)
Haloed in the headlights of deathIs this hell disguised as Heaven?
(I fell in love in a perfect end)
Is this death masquerading as life?
(I fell in love in a perfect end)
So much is said, so little shown
(I fell in love in a perfect end)
I see no reason, I feel no endThis is not a happy ending
This is not a last goodbye
Open your eyes and stop pretending
This is not the perfect endThis is not a new beginning
This is not a last farewell
Open your eyes and stop pretending
This is not the perfect endStitched up like a ragged doll
Wrapped around your naked soul
I am what you know as temptation
I am the ancient deceptionStitched up like a ragged doll
Wrapped around your naked soul
I am what you know as temptation
I am the ancient deceptionI wish I could leave this world behind
(I fell in love in a perfect end)
I wish I had the will to end it all
(I fell in love in a perfect end)
(Incomprehensible)
(I fell in love in a perfect end)
And things will never be the same againThis is not a happy ending
This is not a last goodbye
Open your eyes and stop pretending
This is not the perfect endThis is not a new beginning
This is not a last farewell
Open your eyes and stop pretending
This is not the perfect endThis is not a happy ending
This is not a last goodbye
Open your eyes and stop pretending

This is not the perfect end
