Love Song

Warlock

OkayDreams of xanadu
Like a rainbow in the sky
I wil lead you to heaven
Close your eyes just let me tryYou will listen to my voice
You will listen to my whisperSweet emotions fill my love song
And it's only for you
It's only for youEvery song I sing
Is a love song for you !This song I sing
Is a love song for you !A love song for youHow I cherish your touch
Believe in you so much
You're my island in the setting sun
And the waves just drift alongHow I feel for you
I cannot forget youIt's not hard to understand me
The way I show my love
