The Good Life

Amber Pacific

I found a new life with you here
A life that will burn bright through the years
I can tell in the way you look
The signals are so clear
I want a big house in the hills
But I don't need that life to make me feel
Like I'm part of the crowd
Who turns their backs to what is real
Whoa, whoa
Yeah, it's a good day
I know you know
To me you're everything
Whoa, whoa
Yeah, it's a good day
And I feel my life is changing
I found a piece of what was left
A mark that runs deep within this chest
I know in my heart what's best
Is here in front of me
I can just see us in the streets
Beneath all the stars, just you and me
Together as one we'll stand
Each hand and hand, you're all I ever needed
Whoa, whoa
Yeah, it's a good day

I know you know
To me you're everything
Whoa, whoa
Yeah, it's a good day
And I feel my life is changing
And I feel my life is changing
I can see my life is changing
And I feel my life is changing
Whoa, whoa
Yeah, it's a good day
I know you know
To me you're everything
Whoa, whoa

Yeah, it's a good day
And I feel my life is changing
Whoa, whoa
Yeah, it's a good day
I know you know
To me you're everything
Whoa, whoa
Yeah, it's a good day
And I feel my life is changing
And I feel my life is changing
I can see my life is changing
Yes, I know my life is changing
