

# Rock and Roll Days

## Lobo

I've seen a lot of things change in many ways  
Since I was a boy back in the rock and roll days  
Back when a bust was a six-pack of cold beer  
Marciano, he was champ the band all played through one amp  
And the biggest thing was getting rubber in second gear I love the rock and roll days  
And I love all the good old ways  
We used to do things in our crowd  
I love the rock and roll days  
And I love all the good old ways  
We used to do the same things that we do now The only bikes back there were Schwinn  
The only pigs were the bad wolf's friend  
And going to the outdoor movie was something neat  
Messing around then was not big  
That's the one thing I did not dig  
I was lucky to get as far as the back seat
