

# Distance

## Polarsets

### INTRO

Float past coast, past field, past street  
With cool head and itchy feet.  
Easy up back with the wing  
My love said she'd be waiting.  
Moving, still breathing.  
Softer than usual.

### CHORUS

The distances from home,  
Lay back, Let it go  
Feeling close.  
Drift slow like a balloon,  
Time heals any wound.  
Moving most.

### VERSE 2

Light me up, don't pin me down.  
7 months... I quit the town  
Silent I went down the hall.  
Left my love from Newcastle,  
Okay now, Sitting  
Higher than usual

### CHORUS

The distances from home  
Lay back, let it go  
Feeling close  
Drift slow like a balloon  
Time heals any wound  
Moving most.

### OUTRO

All pine most of the way  
Return, got it made.  
All day  
This sweet familiar breeze  
Rolling underneath...  
I stay
