

Take It Off

Andrew W.k.

Take it off
(Take it off)
Gotta get ready to go
'Cuz it's time again
We know we are the ones
Who do it numb again
Just thought who you are
You better get ready again
'Cuz mister what do ya got
You've got to break out again
We get along
(Take it off)
We get along
(Take it off)
Forever and ever
Forever and ever
Take it off
We know we're hittin' the rack
We know we're gonna be back
We know what you do in the sack
'Cuz you, you never look back
We know we're hittin' the rack
We know we're gonna be back
We know what you do in the sack
'Cuz you, you never look back
You got it all wrong
You're back and runnin' again
And now what do you got
You've got that break out again
We get along
(Take it off)
We get along
(Take it off)
Forever and ever
Forever and ever
Forever and ever
Take it off
