

Sex Case

The Old Firm Casuals

6 months is the sentence he gave
Now Brock Turner is runnin free
Look no further than the family
They Bought the judge it's plain to see

Sex case Sex case
Got a smug look on your face
Entitled little cunt didn't even get the time
Sex case Sex case
You're a rapist and a waste of space
Mom and Dad I bet you are so proud

Made excuses for the prodigal son
Rich motherfuckers think they're above the law
Took her dignity behind a garbage can
This piece of shit thinks he's "The Man"
