What's On The Bar

Hank Williams, Jr.

What's on the movies
What's on the tube
What's on a woman's mind
I don't have a clueWhat's with this cell phone
What the hell is wrong with my car
I think I'll go in here
Check it out and see what's on the barWhat is the game plan
What's with this job
What's the problem at home
That's the problem by farWhat's a matter with me
Drinking friends let me tell you the truth
I've been close to love but no cigar
So tell me, what's on the barDo you have a little Jim Beam?
Do you have a little green Jack?
Do you have a little coke and ice?
So I can knock it on backAnd when I get back from the dance floor
My number one prior
Is what's a girl and what's on the barCan you make a Margarita?
Do you have a glass tall?
Do you have a band
That knows how to play an old Jimmy Reeves' song?Would you like to know the hot spots
The best places by far
Can't recommend what's on the menu
But I know what's on the barWhat's on your mind
What's in your heart
Well, that's the difference
In a happy kind of life or just falling apartDo you wanna know the hot spots
I know 'em near and far
I don't know what's on the menu
But I know what's on the barDo you have a little Jim Beam?
Do you have a little green Jack?
Do you have a little coke and ice?
So I can knock them both backAnd when I get back from the dance floor
My number one prior
Is hello baby and what's on the barWhat's a girl
And what's on the bar
