Bonfires of Time

Lullacry

From here to a lie, it sends you away
Can you get it back tomorrow or todayYou stole the dream that wasn't yours
Locked inside, behind closed doors
You stole the dream that kept me awake
And crushed my heartIt's never too late to let the bonfires of time
To make you, to make you mineCan't open mysteries with hollow way
It just feeds the midnight and kills the day, noYou stole the dream that kept me awake
And crushed my heartIt's never too late to let the bonfires of time
To make you, to make you mine
It's never too late to let the bonfires of time
To make you, to make you mine
To make you mineIt's the rush your love
All colors turn to blackIt's never too late to let the bonfires of time
To make you, to make you mine
It's never too late to let the bonfires of time
To make you, to make you mine
To make you mine, make you mine
