

# Bonfires of Time

## Lullacry

From here to a lie, it sends you away  
Can you get it back tomorrow or today You stole the dream that wasn't yours  
Locked inside, behind closed doors  
You stole the dream that kept me awake  
And crushed my heart It's never too late to let the bonfires of time  
To make you, to make you mine Can't open mysteries with hollow way  
It just feeds the midnight and kills the day, no You stole the dream that kept me awake  
And crushed my heart It's never too late to let the bonfires of time  
To make you, to make you mine  
It's never too late to let the bonfires of time  
To make you, to make you mine  
To make you mine It's the rush your love  
All colors turn to black It's never too late to let the bonfires of time  
To make you, to make you mine  
It's never too late to let the bonfires of time  
To make you, to make you mine  
To make you mine, make you mine
