Thank You For Everything

Jason Gray

Thank you for the world that awakes
In the dawning light that breaks
And for the sunlight kissin' my face
Thank You
And for the stars out on parade
At the ending of each day
So even in the dark I'm sayin'
Thank you
When I look at the world around me
And breathe in the breathe You gave
Every beat of my heart is singing
Thank You for everything
If You lead me to still waters
If I'm caught in the hurricane
Wherever You lead I'm singing
Thank You for everything
(Thank You, thank You)
Thank You for the gift of friends
Who know everywhere I've been
And love me back home again
Thank You
And for the ones who let me down
And taught me what I now know
Of forgiveness and the freedom I've found
Thank you
When I look at the world around me
And breathe in the breathe You gave
Every beat of my heart is singing
Thank You for everything
If You lead me to still waters
If I'm caught in the hurricane
Wherever you lead I'm singing
Thank You for everything
Thank You for everything
Every second I live
Is a moment You give
So I welcome them in
I welcome them in
The day after day

The joy and the pain
I welcome them in
I welcome them in
Thank You for the hardest parts
And the beauty of these scars
Even though it broke my heart
Thank You
Thank You
Thank You
Thank You
When I look at the world around me
And breathe in the breathe You gave
Every beat of my heart is singing
Thank You for everything
If you lead me to still waters
If I'm caught in the hurricane
Wherever You lead I'm singing
Thank You for everything
(Thank You, Thank You)
(Thank You, Thank You)
(Thank You, Thank You)
(Thank You, Thank You)
