

You Don't

Tricky

Ragga
I fight evil with evil
I fight evil with evil
Believe me how you found me
Take away my self-esteem
Anytime you're ready Tricky
You don't, you don't
You don't, you don't
You don't, you you don't you don't wanna even try Ragga
I sleep, but get no rest
You scheme, but gods know best
Second trying, I was actually dying, ohohoh
When you drown in your devil's music
I did every need to use it Tricky
You don't, you don't
You don't, you don't
You don't, you you don't you don't wanna even try Ragga
Trust you if you're trustful
Use you if you're useful
Really smooth, really evil
And if you're here, and that is the reason
Giant strides, twelve tribes
It takes a second to wreck it
Sixty seconds, forget it
I guess you don't hear me though Tricky
You don't, you don't
You don't, you don't
You don't, you you don't you don't wanna even try Ragga
I guess you don't hear me though
I'm not looking yours, I'm looking mine
Looking so quiet but discreet
Echoes to see
On an unsuggested stream, unsuggested mean
Take it to the top, unstable the times
Unstable the walk
Unbearable, searable, popular demand
From cradle to grave is Abel buried a man
With my moneys and the felons, we conquer a clearance
Building extensions of potential

But I guess you don't hear me thoughTricky
You don't, you don't
You don't, you don't
You don't, you you don't you don't wanna even tryRagga
You don't, you don't
You don't, you don't
Even wanna tryTricky
You don't, you don't
You don't, you don't
You don't, you you don't you don't wanna even tryRagga
You don't, you don't
You don't, you don't
Even wanna tryTricky
You don't, you don't
You don't, you don't
You don't, you you don't you don't wanna even try
