Enough Is Enough

Ratt

I like the way you talk when you undress me
I like to take it off, yeah
I like the way your fingers run through my hair
If you careYou like the way I hold and squeeze you
You think it's way too much
I like the way you play so evenly
You know me, you know meNo more wastin' my time
'Cause enough is enough
Don't think you can buy time
'Cause enough is enoughI like the things you do when you tease me
I think you've said enough
I like the way you move me onto the floor
Do you know what's in store? Do you want more?No more wastin' my time
'Cause enough is enough
Don't think you can buy time
'Cause enough is enough, is it love? Is it love?'Cause enough is enough, is it love?
'Cause enough is enough, is it love? Is it love?
'Cause enough is enough, is it love?
Is it love? Is it love? Is it love?No more wastin' my time
'Cause enough is enough
Don't think you can buy time
'Cause enough is enough, is it love? Is it love?'Cause enough is enough, is it love?
'Cause enough is enough, is it love? Is it love?
'Cause enough is enough, is it love?
Is it love? Is it love? Is it love? Is it love?I like the way you talk when you undress me
I like to take it off
