This Is a War

Ignite

Staring down the wrong way of a one way track
Crushing down behind us
but we wont look back
we won't look back!
There is a war on the concept of truth
Where the politicians stand on the backs of the youth! Get in
Get sold out
Get out of the way
The sheep have been slaughtered and silenced today
Close your eyes
Cause you don't wanna see the truth!
Some take action
Just wait for the nightly news
This is a war!
Where we buried the truth
If there's no cash reaction
There's nothing left to do but stay down
There will be nothing left for me and you
Each liberation's a license to steal
But don't be concerned your salvation is near
There's a nooning that's coming get out from the cold
Defend the system for money and for gold
Close your eyes
Cause you don't wanna see the truth!
Some take action
Just wait for the nightly news
This Is A War!
Where we buried the truth
Destruction for
Even more to console
Thiis Is A War!
A War Against You!
If there's no reaction there's nothing left for you, so stay down
There will be nothing left for me and you
The deceptive lie, media wage
That brings destruction to this foreign place
We light the fires!
Investigate!
They turn the skeptics into slaves

We wake up to find that our freedoms have been remade!
So we're called into action cause there's nothing left to hold on to!
This Is A War!
Where we buried the truth
Destruction for!
Even more to console!
This Is A War!
A War Against You!
If there's no reaction
There's nothing left for you so stay down
There will be nothing left for me and you
