

# Human Zoo

## Gotthard

Look at them all on the inside  
Look at them wasting away  
Walking around like theyre hypnotized  
Look, no bars on the cage This is where theyre living  
Same as where theyll die  
Nothing lasts forever  
Can someone draw the line Do we ever know the reason  
Of what lies behind that smile?  
Take a seat, enjoy the journey  
Just relax, Ill lead you through Through the human zoo  
Through the human zoo Well, I hear em cry in the daylight  
I hear em scream after dark  
A real life jungle atmosphere  
Watch em tear each other apart 'Cause this is where theyre living  
Same as where theyll die  
Stop it now or never  
Can someone draw the line Do we ever know the reason  
Of what lies behind that smile?  
Take a seat, enjoy the journey  
Just relax, Ill lead you through Through the human zoo  
Through the human zoo Do we ever know the reason  
Of what lies behind that smile?  
Take a seat, enjoy the journey  
Just relax, Ill lead you through Do we ever know the reason  
Of what lies behind that smile?  
Take a seat, enjoy the journey  
Just relax, Ill lead you through  
(Relax, Ill lead you through) Through the human zoo  
Through the human zoo  
Through the human zoo  
Through the human zoo
