Sad Mystic Moon

Rhapsody of Fire

Somewhere, somehow
I'll always be there
Listen in silence
Free from this chainImmense
Le onde su me
And you know
It's not a dream anymoreSad mystic moon with shades of grey
Breathing life into my dreams
Save my soul from endless pain
Wash with your flames all my sinsListen, so silent
All this waves again
Thinkin' 'bout future looking through my pastImmense
Le onde su me
And you know
That I will always be thereSad mystic moon with shades of grey
Breathing life into my dreams
Save my soul from endless pain
Wash with your flames all my sinsTormenti
Lamenti su me
Immense
Sono le onde su meSad mystic moon with shades of grey
Breathing life into my dreams
Save my soul from endless pain
Wash with your flames all my sinsSad mystic moon with shades of grey
Breathing life into my dreams
And save my soul from endless pain
Wash with your flames all my sins
