

# Your Other Man

**Jandek**

Well, I guess your mind's made up  
Well, I guess there's not much left to do  
Go on, see your other man  
Walk up the stairs  
That's where the stars are  
Go and see your other man  
Other man  
Your man  
Well, you wouldn't believe it tastes like candy  
Gimme a fork, yeah gimme a fork  
Eat some potato  
Shades are falling  
Shades are falling
