# Lift Up Your Head

## Meredith Andrews

lift up you head
lift up your eyes
let us soar as the one draw near
to the one who meets us here
let us all fall down
before the god who rescues us in
lift up your head and throw off every chain
lift up your eyes to the one who doesnt change
lift up your hands, their broken he will mend
lift up your head
let us all fix our gaze on the offer of our faith
from what else we turn away
for the joy, that conquers shame
lift up your head and throw off every chain
lift up your eyes to the one who doesnt change
lift up your hands, their broken he will mend
lift up your head

he is lover
he is redeemer
he is father
he is friend
he is our shelter
he is our healer
he is the lifter of our heads
he is lover
he is redeemer
he is father
he is friend
he is our shelter
he is our healer
he is the lifter of our heads
lift up your head
lift up your eyes.
lift up your head and throw off every chain
lift up your eyes to the one who doesnt change
lift up your hands, their broken he will mend
so lift up your head
