

# Champion Lover (Tom Ferry Remix)

[Nina Sky](#)

Oh oh ooh, ooh, /x3Champion lover, number one spot  
Hot like fire, got me burning up  
These flames are strong to reach stars  
Shooting across the sky,  
late night light up my life  
With no cocaine, your loving is enough  
You're my champagne  
Baby, you're the perfect drug  
You're a winner  
Baby, you're a winner  
Champion lover, number one spot, on top  
Baby, you're a winner  
My champion lover, number one spot, on top  
Baby, you're a winner  
Champion lover, number one spot, on top  
Baby, you're a winner  
Champion lover, number one spot /x3Your love is an eleven on a scale to 10  
Bedroom rebel, you're my veteran  
You take charge, living between the sheets  
Up all night, this love don't sleep  
No cocaine, you give me that rush  
Run through my veins,  
Baby, you're the perfect drug  
You're a winner  
Baby, you're a winner  
Champion lover, number one spot, on top  
Baby, you're a winner  
My champion lover, number one spot, on top  
Baby, you're a winner  
Champion lover, number one spot, on top  
Baby, you're a winner  
Champion lover, number one spot /x3Oh oh oh oh  
On top  
Oh oh oh  
On top
