

Under Your Spell

Dover

I don't eat
I don't sleep
I do nothing but think of you I don't eat
I don't sleep
I do nothing but think of you You keep me under your spell (3x) I don't eat
I don't sleep
I do nothing but think of you I don't eat
I don't sleep
I do nothing but think of you You keep me under your spell (6x) la la la (various times)
