

# Happiness Is Home (Elisa's Remix)

[Elisa](#)

Here it comes the joy of being alone  
Im such a child on my own, just a child on my own Cause I know its true and I see its right  
I know its true and I see its right Here it goes on happiness is home  
Here it goes on happiness is home  
Happiness is home  
Happiness is home And I know its not a dream  
I dont want this to be sweet  
I just know its not a dream  
Im not gonna get sick of it Cause I know its true and I see its right  
I just know its true and I see its right Here it goes on happiness is home  
Here it goes on happiness is home  
Here it goes on happiness is home  
Here it goes on happiness is home  
Happiness is home, happiness is home Dont you say it (I would say)  
Dont you say it (you talk too soon)  
Dont you say it and its already late to get back, to go back Here it goes on happiness is home  
happiness is home, happiness is home  
Here it goes on happiness is home  
happiness is home, happiness is home  
happiness is home, happiness is home  
Here it goes on, Here it goes on  
Here it goes on, goes on, goes on  
Is home  
Is home, happiness is like home and is my home
