## MC Hammer

Too legit... Too legit to quit (three times)  
Sweat running all over my chest (chest) i don't quit no!  
I just press harder (Yea!) than i ever did before going for  
The dreams that i have in store in my mind (mind) and i know  
That i'm makin it i gotta get mine and nobody's takin it away  
(No!) cause hammer don't play that you try to get mine  
boy you better step back freeze (freeze) cause  
You don't want none i hustle for my muscle and you look  
Weak son (real weak) yea!... i'm goin for all that i can get  
Kickin at the top cause i'm too legit to quit...sing!...

### Chorus

Too legit... Too legit to quit (hey...hey...) Too legit...too  
legit... Too legit to quit...(hey...) Too legit... Too legit to quit  
(too legit...) too legit... too legit to quit...

when i feel high post don't you play me close a dig 'em smack  
a get you back and i'll hit with a dose of oaktown power  
and charge you by the hour i'm shakin like a quake and funks  
get devoured i choose to abuse, misuse and confuse  
competitors who think they're makin up all the rules, fools  
in the game lame and insane it's a shame i gotta do this but  
i remain the same unchanged gettin better never known  
as a sweater kickin it at the top cause i got myself together  
so roll with a guy who's physical and fit knows the time  
and too legit to quit...sang!

### Repeat chorus x2

step to the rhythm of a sho-nuff winner (winner) i been  
here before (yo!) i ain't no beginner (word) but i been new  
tried and true survival of the fittest yo!...it brought me through  
my crew (talk) we're ready to strike trained for the mission  
so believe the hype and sweat it (sweat it) cause you're gonna  
regret it the day that you dissed us you'll wish you never met us  
you remind me of a real short story one hit record and you
