

# In Time

## Earth, Wind & Fire

Baby in time, love is gonna find its way, yeah  
Into your life, vanishing your times of gray, yeah  
Baby in time, life reveals its lessons  
Maybe in time, you'll learn to count your blessings, yeah  
In time  
You'll know it in time  
You'll know it in time  
Baby in time, your fear is gonna fade away, yeah  
We'll march in time to a lovers hit parade, yeah  
In time, your face, it shows hope for your sorrow, sorrow  
Baby in time, there's a new tomorrow, tomorrow  
Can somebody tell me why it takes so long to see?  
Does anyone know the why of life and its decree?  
Will somebody tell me why life goes the way it goes?  
Somebody may tell but I don't think nobody knows  
Baby in time, your fear is gonna fade away, yeah  
We'll march in time to a lovers hit parade, yeah  
In time, your face, it shows hope for your sorrow, hope for your sorrow  
Baby in time, there's a new tomorrow, tomorrow  
In time  
You'll know it in time  
You'll know it in time  
You'll know it in time  
In time  
You'll know it in time  
You'll know it in time  
You'll know it in time  
In time  
You'll know it in time  
You'll know it in time  
You'll know it in time
