

# Over the Rails

## Circus Contraption

I'd give you the moon  
I'd give you the stars above  
I'd give you the sun in the sky  
the whites of my eyes  
for a kiss

I'd give you my mind  
but it's already gone  
I'd give you my heart, on a platter  
in exchange for a kiss

because I'm over the rails for you  
yes, I'm over the rails for you

I'd pull of my head  
I'll quit drinking, I swear to god  
I'd cut off my ear  
if you wish it, my dear  
in exchange for a kiss

I'd sing you to sleep  
for a peck on the cheek, my love

I'd give you a rock  
on a ring  
in a box  
in exchange for a kiss

because I'm over the rails for you  
yes, I'm over the rails for you
