

# Ooops (feat Björk)

## 808 State

Ooops, alright  
I'll come right over  
pour myself over you  
    jars of fun  
    exciting stories  
I'll make you forget  
    tickle you a little bit  
seduce out your good temper  
    I'll shine all over  
I'll cook my best dish for you  
    but then it's my turn  
I want all your adoration  
    dog, I own you  
    sit down fool  
    you own me  
    I'm yours  
    I'm the sun  
I'll shine all over you  
    grab the rays  
    sugar
