

Ain't Been Done

Jessie J

I'm a do it like it ain't been done
I'm a do it like it ain't been done
I'm a do it like it ain't been done
I'm a do it like it ain't been done
I'm a do it like it ain't been done
I'm a do it like it ain't been done
I'm a do it like it ain't been done Can't beat me I'm a show sharp winner (winner)
One of a kind, I'm original (original)
I'm so ill, gonna need a painkiller
Stealing the show like a criminal (criminal) (Don't fight, follow the leader)
Give a little and you might get some
(This one's for the non-believers)
All together now everyone (go!) I'm a do it like it ain't been done
On top only just begun
Better believe I'll be your number one
I'm a do it like it ain't been done
And I hope you're holding on
'Cause' I'm going, going, gone
I'm a do it like it ain't been done
I'm a do it like it ain't been done Uh, I'm a do it like it ain't been done
I'm a do it like it ain't been done
(I'm a do it like it ain't been done)
I'm a do it like it ain't been done Both hands tied and I get gold medals (yeah)
Still alive and I'm going hard (going hard)
Make my mark and I'm breaking all records
You know me, I'm a superstar (Don't fight, follow the leader)
Give a little and you might get some
(This one's for the non-believers)
All together now everyone (go!) I'm a do it like it ain't been done
On top only just begun
Better believe I'll be your number one
I'm a do it like it ain't been done
And I hope you're holding on
'Cause' I'm going, going, gone
I'm a do it like it ain't been done
I'm a do it like it ain't been done Like ain't been done (hey, hey!)
Like, like it ain't been done done done done
Like it ain't been, like it ain't been, like it ain't been
Done, done, done
Like it ain't been done I'm a do it like it ain't been done

On top only just begun
Better believe I'll be your number one
I'm a do it like it ain't been done (Like it ain't been done) I'm a do it like it ain't been done
On top only just begun
Better believe I'll be your number one
I'm a do it like it ain't been done (ain't being done)
And I hope you're holding on (holding, holding on)
'Cause I'm going, going, gone
I'm a do it like it ain't been done
I'm a do it like it ain't been done I'm a do it like it ain't been done
I'm a do it like it ain't been done
Better believe I'll be your number one
I'm a do it like it ain't been done
And I hope you're holding on
'Cause I'm gone, gone, gone I'm a do it like it ain't been done
I'm a do it like it ain't been done
