

F* (Wake Up)

Nuclear Assault

Searching, for a ne way you're looking for a way out of this mess you've let build up around you

Believe what you see, Believe what you hear

It's time, to take charge of your on fife and start making decisions, stop relying on others Listen to what others
have to say but don't take their word as law you've got a mind of your own You take too much advice you listen
too much to others who think they know better than you do
