## **Don't Invent Me**

## **Mandalay**

I won't know another
'Til I know

I won't know another

Til I knowEven though I keep on telling you

But still oh no, noI won't know another

'Till I knowHere, only love

Don't invent me

'Til you need me

Will I fall in now?

Only love, don't invent me

'Til you need meI won't love another

'Til I learn

I won't love another

'Til I learnEven though I keep on telling you

But still oh no, noI won't know another

'Til I knowHere, only love

Don't invent me

'Til you need me

I fall in now

Only love, don't invent me

'Til you need meHere, only love

Don't invent me

'Til you need me

I fall in now

Only love, don't invent me

'Til you need meHere, only love

Don't invent me

'Til you need me

I fall in now

Only love, don't invent me

'Til you need meHere, only love

Don't invent me

'Til you need me

I fall in now

Only love, don't invent me

'Til you need me
