This Is How It Goes (feat. Kalmia Traver)

Marco Benevento

These are seeds
For you and me
The more you know
The more to seeThe story goes
There's a bug in my shoe
And how it goes
That it might in a dark room
This is how it goes
This is how it goes
Look it goes to show
This is itI walk a line in Mendicino
On a an endless sea
Just for you and me
Plants make you high and make you die
Figure out tomorrow
Break heartacheThe story goes
In a dark dark room
Keep your rest
Lord knows you need to.This is how it goes (x2)
Look, it goes to show
This is itYou took a photograph of Maybeline
Down in the hollow
You reached for another cigarette
Ask about him or another
The story goes
Bug in my shoe
And how it goes
In a dark, dark roomThis is how it goes (x2)
Look, it goes to show
This is how it goes (x7)
