

You're More Than a Number in My Little Red Book

The Drifters

Aahhow

Oh oh oh oh oh yeh You're more than a number in my little red book
You're more than a one night date
All I had to take me was just one look
My heart began a thumping babe you had it jumping You're more than a number in my little red book
You're more than a one night stand
In case you get to thinking that you've been took
You're more than a number written in my little red book Oh baby give us a chance
Don't let the small town rumours end our first real romance
Now I'll admit I've loved a few
But there was never one like you
So darling don't believe the things they say You're more than a number in my little red book
You're more than a one night date
All I had to take me was just one look
My heart began a thumping babe you had it jumping You're more than a number in my little red book
You're more than a one night stand
In case you get to thinking that you've been took
You're more than a number written in my little red book Oh baby you gave me a sign
I threw away the numbers of those old flames of mine
And now they're trying to put you wise
Knock me down in my girls eyes
Oh darling don't believe a word they say You're more than a number in my little red book
You're more than a one night date
All I had to take me was just one look
My heart began a thumping babe you had it jumping You're more than a number in my little red book
You're more than a one night stand
In case you get to thinking that you've been took
You're more than a number written in my little red book You're more than a number in my little red book
You're more than a one night date
All I had to take me was just one look
My heart began a thumping babe you had it jumping You're more than a number in my little red book
You're more than a one night stand
In case you get to thinking that you've been took
You're more than a number written in my little red book
