One, two [unverified] soldiers! When you see that 5 and that 0 and that 4  
You know that's them boyz  
(That's them boyz)  
When you see the tank swingin'  
You know that's them boyz  
(That's them boyz) When you hear them choppers cuttin'  
You know that's them boyz  
(That's them boyz)  
When you see that 5-0-4  
You know that's them boyz  
(That's them boyz) I keep my motherfuckin' fists balled up  
In case a motherfucker tryin' to start somethin'  
You done did a little ginseng gotcha little dick hard  
Now you like Hoffa, think you gon' jump in the ring Go pound for pound with the knockout kings  
No shit like that ain't gonna happen  
Them niggaz down here can't touch what I bring  
First time you heard the do' open And you heard that you know that's me and you bust ya rap  
Hit the mat you'll be on your back like one, two, three  
Them niggaz know I come off the top rope  
Leave you knocked out with you mouth open And they gon' have to take your ass home, leave you in a hot tub  
soakin'  
Balls bangin'! You know ours swingin', I ain't got to tell you nigga  
Don't bother to go there you don't know who you fuckin' with  
I'm the flow-spitter, natural born go-getter  
This is for the hustlers, ballers, cake dealers When you see that 5 and that 0 and that 4  
You know that's them boyz  
(That's them boyz)  
And when you see them tanks swingin'  
You know that's them boyz  
(That's them boyz) When you hear them choppers cuttin'  
You know that's them boyz  
(That's them boyz)  
And when you see them bandanas  
You know that's them boyz

(That's them boyz)Uh, oh, look it's only right, it's on tonight  
When I'm on the MIC, they know when to fight  
When I drop, they known to bite, uh huh, this is freestyle  
But look y'all can just go on and writeThis is 504 livin', y'all know what it's like  
That's them boyz, you see us roll up on them bikes  
Chop-chop, just, like it was timber  
We make it hot like July or either cold like December(Oh)  
Ain't my fault, I'm hot and I can still spit it this cool  
Ain't my fault your girl tatted my name, get it removed  
If you lookin', then you know we ain't duckin'  
You know my face it ain't like my tank gon' be tucked inWhen you see that 5 and that 0 and that 4  
You know that's them boyz  
(That's them boyz)  
When you see them tanks swingin'  
You know that's them boyz  
(That's them boyz)When you hear them choppers cuttin'  
You know that's them boyz  
(That's them boyz)  
When you see that 5-0-4  
You know that's them boyz  
(That's them boyz)When you see us in the East  
(That's them boyz)  
When you see us in the West  
(That's them boyz)When you see us in the South  
(That's them boyz)  
When you see us in the North  
(That's them boyz, that's them boyz)When we deep up in the streets  
Want y'all to say  
(That's them boyz, that's them boyz)Can somebody tell 'em, I was only kidding?
