

So Weird

Veruca Salt

Advisory - the following lyrics contain explicit language:

Speak
You're speaking words
But all I ever heard
Is white noise from weird boys
Space
You're spacing out
By the way
What's that face about
It's so weird
It's so weird
You don't know me
You don't own me
You're just poassing through my life
You're a stranger
With bad behavior
You're so weird I'm terrified
Back lounge
A chain smoking Charlie Brown
You're busted up
And broken down
So you're so low rent
You're texting vegan sex again
It's so weird
It's so weird
You don't know me
You don't own me
You're just passing through my life
You're a stranger
With bad behavior
You're so weird I'm terrified
Slowly, faintly
Slowly, faintly
Slowly, faintly
You don't know me
You don't own me
You're just passing through my life
You're a stranger

With bad behavior
You're so weird I'm terrified
