

Fight

Maxx

Ya man, take it to the max
You know we have to fight
Like...
Yes
Ya man
Come on !You gotta fight,
Woh oh you gotta fight for your rights
Fight, fight to survive
You gotta fight,
Woh oh you gotta fight to survive
Fight, fight to survive
We want you back, cause we all know what we're fighting for
Fight, fight to survive
Don't you give up, cause we all know what we're fighting for
Oh come on, oh come on, oh come onYa me have started...
Join... have to fight...
... me have to fight... and no white
Nothing... nothing is free
Even got to fight for me...
Mr big man say just...
They don't need...
We fight for the things that we need in life
Me fight for my rights, my right to surviveTake it to the max, take it to the max
Fight fight fight fight fight to surviveYou wanna make it to the top and you know it's hard
You're seeking... and there's no...
Yo come on fighting for the things we know
You know take you rights so don't push out...
You're fighting for the peace till we...
Respect... freedom
You're just flesh and blood before you say a lie
Just fighting for your right, your right to surviveWake up, and join to fight for your right to survive
