

# Glow

## Madcon

My heart, it beats to your song  
A melody sent from God  
I can't breathe when you're gone  
Yes, I'm deeply in love  
(Be my valentine)Every single day of my life  
(My heart is sacrificed)  
Night and day, day and nightToday's the day  
(Tonight's the night)  
I know you feelin' my sound  
(I'ma make you clap)'Cause today's the day  
(Tonight's the night)  
I'ma lay it down  
(I'ma lay it down)I'ma get up so I can't get down  
(I'ma)  
Hear me roar, hear my thunder sound  
(I'ma, I'ma)I'm the lord of the underground  
(I'ma, I'ma)  
Part of the jungle  
(I'ma, I'ma, I'ma, I'ma)Let's glow  
(Hands high, hands high)  
I can't wait, I can't wait to see yaGlow  
(Hands high, hands high)  
'Round the world, 'round the world my peopleGlow, glow  
(Hands high, hands high)  
I can't wait, I can't wait to see yaGlow  
(Hands high, hands high)  
'Round the world, 'round the world my people, glowLet us share this moment  
Let's enjoy this night  
Get the world connected  
Though you one of a kindSee we try to reach out  
Get the world to see  
Though we all feel different  
You are just like meToday's the day  
(Tonight's the night)  
I know you feelin' my sound  
(I'ma make you clap)'Cause today's the day  
(Tonight's the night)  
I'ma lay it down  
(I'ma lay it down)I'ma get up so I can't get down

(I'ma)  
Hear me roar, hear my thunder sound  
(I'ma, I'ma)I'm the lord of the underground  
(I'ma, I'ma)  
Part of the jungle  
(I'ma, I'ma, I'ma, I'ma)Let's glow  
(Hands high, hands high)
