

# It's Too Late

## Evermore vs. Dirty South

Stayed in bed all mornin' just to pass the time  
There's something wrong here there can be no denyin'  
    One of us is changin'  
        Or maybe we've just stopped tryin'  
        And it's too late baby, now it's too late  
    Though we really did try to make it  
    Something inside has died and I can't hide it  
        And I just can't fake it  
        Oh, no no no no  
        (No no no no)  
    It used to be so easy livin' here with you  
        You were light and breezy  
        And I knew just what to do  
    Now, you look so unhappy and I feel like a fool  
        And it's too late baby, now it's too late  
    Though we really did try to make it  
        (We can't make it)  
    Something inside has died and I can't hide it  
        And I just can't fake it  
        Oh, no no  
        Ru ru ru ru  
        La la la la  
    There'll be good times again for me and you  
    But we just can't stay together don't you feel it too?  
        Still, I'm glad for what we had  
        And how I once loved you  
    But, it's too late baby, now it's too late  
        Though we really did try to make it  
        (We can't make it)  
    Something inside has died and I can't hide it  
        And I just can't fake it  
        Oh, no no no no no  
        It's too late, baby  
        It's too late  
    Now darlin', it's too late
