

Where We Stand

The Dirty Guv'nahs

Every generation has a past
I don't wanna be a soldier for the last
You don't have to sound extreme
To talk about what you think is true I believe in right and wrong
And I believe that no one's born to lose I never thought that I'd find myself here
I never wanted to lie my life like this
If we go back to where we started
Will you give me all your heart again? I don't wanna break a promise
And this is where I stand
I've got fear in my body
But I don't know where to start
I've got fear in my body
But fire in my heart
I don't know where to start
Fear in my body
But fire in my in my heart
