

# Hell Driver

## Voivod

When you take your steering wheel  
When you speed up your engine  
Your rage makes up your counter  
Hell spins and burns your tires  
Hit and run again, I eat when I can  
I have no limits, my life is a risk  
Let's speed the road hog  
His sheet - iron is hot  
The helldriver and his damnation  
Speed up in hell to run so fast  
When the sound of metal raises  
When the smoking valves make a din  
Fuel and oil are my blood  
The law is over I'm out  
If you want to stop the speed freak  
Prepare a good plan to do it  
Cos he's always in the red zone  
And he's a runner  
of the hell road.
