

# Butterflies

Alana Lee

From the early days  
I saw your face boy  
You told me a lie  
I knew you were shy  
This is what we do  
You don't have to be ashamed  
Cause we're holding hands walking in the hallways You give me butterflies deep inside  
You give me butterflies  
I don't know where to run, run, run, run from you So I gotta say, you give me butterflies deep inside  
You give me butterflies  
I don't know what to do, do, do without you  
Boy, you give me butterflies  
I get lost sometimes when you act like a fool  
You ignore my words and I can't get over you  
This is what we do everyday  
I'm in my room on the phone with you  
All night long You give me butterflies deep inside  
You give me butterflies  
I don't know where to run, run, run, run from you So I gotta say, you give me butterflies deep inside  
You give me butterflies  
I don't know what to do, do, do without you  
Boy, you give me butterflies You give me butterflies deep inside  
You give me butterflies  
I don't know where to run, run, run, run from you So I gotta say, you give me butterflies deep inside  
You give me butterflies  
I don't know what to do, do, do without you  
Boy, you give me butterflies
