

Foolin'

Christina Milian

If youre foolin, only foolin
All I ask is why?
If youre foolin, only foolin
All I ask is why? You supposed to be that nigga
You got a dime on ya side
(So why you foolin with me?) Listen, I aint bein reckless
Im just tryin to get this record straight
(Look what ya doin to me) You got me contemplatin, thinkin maybe
I should come check you out in that suite
Pop open some yellow bottles, undress me like a model
Then maybe we could wrinkle the sheets But then I know shell always be the one you
Take out show around
But you continue to hold on to me so
(Why?) Would you think that I could settle for less its just
One night, no I
Dont wanna wake up the next mornin askin
(Why?) So what I need to know is
If youre foolin, only foolin
All I ask is why?
If youre foolin, only foolin
All I ask is why? Now the medias gossipin, pinnin me in magazines
Sayin I was the one, no
Comparin us to that Brad, Jen and Angelina affair
Look baby, I aint the one
(What Im sayin is) I aint tryin to go for that, no
Look I cant go for that, no
You need find out where your home is at
And turn the key and range rove it back You didnt want me then so tell me what made
You changed ya mind
'Cuz aint a thing dont changed about me tell me
(Why?) 'Cuz when you say you love me its when Im with
Someone else, I cant help
You to continue foolin me so tell me
(Why?) So what I'm tryin' to say is
If youre foolin, only foolin
All I ask is why?
If youre foolin, only foolin
All I ask is why? Im like come on, come on, come on, come on, come on
Come on, come on, come on, come on, come on

I wanna know, boy
(Why?)Im like come on, come on, come on, come on, come on
Come on, come on, come on, come on, come on
Come on, come on
All Im askin you is
(Why?)If youre foolin, let me know
(If you're foolin')
I ain't goin' through this, that's for sure
(Only foolin')You wanna be with her that's [Incomprehensible]
(All I ask is why?)
I really don't care what you do, boyWhatcha foolin' with?
(If youre foolin, only foolin)
Whatcha foolin' with?
(All I ask is why?)Whatcha foolin' with?
(If youre foolin, only foolin)
(All I ask is why?)
