

Don't Want It Back

Sabrina Carpenter

[Verse 1]

You are the voice inside my mind

Something so real is hard to find

I know, I know

(I know, I know)

I know, I know

(I know, I know) I'll hold you tight, remove the air

No space between, I want you here

I know, I know

(I know, I know)

Baby, you're home [Pre-Chorus]

Hey, first I thought

Won't wait for time

We're living for tonight [Chorus]

You give me a reason

To feel what I feel when everything is under attack

You got my heart, I don't want it back

You might be the answer to

All of my fears when everything is under attack

You got my heart, I don't want it back

You got my heart, I don't want it back [Verse 2]

This moment can't be worth the wait

A part of you is a part of me

I know, I know

(I know, I know)

I know, I know

(I know, I know) This love we have will never end

We're circles, we begin again

I know, I know

Baby, I'm home [Pre-Chorus]

Hey, first I thought

Won't wait for time

We're living for tonight [Chorus]

You give me a reason

To feel what I feel when everything is under attack

You got my heart, I don't want it back

You might be the answer to

All of my fears when everything is under attack

You got my heart, I don't want it back

You got my heart, I don't want it back[Bridge]
You give me a reason
You give me a feeling
But all of the things you've given to me
You've given to me[Outro]
You give me a reason
To feel what I feel when everything is under attack
You got my heart, I don't want it back
You might be the answer to
All of my fears when everything is under attack
You got my heart, I don't want it back
You got my heart, I don't want it back
You got my heart, I don't want it back
