Shots for Me and You

EMMY

So you wanna make it to the top?
You want the key to unlock
The doors and the windows
That are holding back your inner soul
You're paddling into the ocean
The wind in opposite motion
But it's not a real victory if it's easy and free.
So when you called me up the other day
Said you wanted to go out and play
You wanna go drinkin'
I know what your thinkin'
Stop. Right. Now.
We'll leave our worries behind
We'll work it out while we're standing in the bar lineSo let's have a shot for my mom
A shot for my dad
A shot for the brother I never had
Cheers to the kids going with the flow
Cheers to letting go
A shot for the guy who fixed my flat tire
A shot for our poor sober driver
Cheers to the company we keep
Cheers to living free
A shot for the bartender he needs it too
Shots for me and you, yeah
Here's to all our dreams coming true
Now it's kinda hard to stand straight
When you're getting so shit-faced
But I know come Monday
We'll be back into the rat race
So I'm dancing up a big commotion
Tomorrow I'll need Ibuprofen.
But tonight Patron's just fine
If you chase it with a little limeStop. Right. Now.
We'll leave our worries behind
My only vow is to get out of my mindSo let's have a shot for my mom
A shot for my dad
A shot for the brother I never had
Cheers to the kids going with the flow
Cheers to letting go

A shot for the guy who fixed my flat tire
A shot for our poor sober driver
Cheers to the company we keep
Cheers to living free
A shot for the bartender he needs it too'Cause everyone rocks and some just roll
And the amateurs are going home
I'm just trying to keep myself under control
Tomorrow will come but tonight won't wait
And we don't have room for the light-weights
The room is swaying now
I don't remember your nameSo let's have a shot for my mom
A shot for my dad
A shot for the brother I never had
Cheers to the kids going with the flow
Cheers to letting go
A shot for the guy who fixed my flat tire
A shot for our poor sober driver
Cheers to the company we keep
Cheers to living free
A shot for the bartender he needs it too
And shots for me and you, yeah
Here's to all our dreams coming true
