

# Seedy Films

## Soft Cell

Sleazy city, seedy films  
Breathing so heavy next to my neighbor  
Let's get acquainted, getting to know you  
Feeling sleazy in seedy Sin City  
Feeling sleazy in seedy Sin City Sleazy city, sleepy people  
Down in your alleys seems that anything goes  
Blue films flicker, hands of a stranger  
Getting to know you and I'm getting to like you Hey, that's fine, got no time  
Meet me on Friday down, down, down in Blue City  
Got no address, just a telephone number  
Phone me tonight and maybe we can talk dirty  
Phone me tonight and maybe we can talk dirty Sleazy city, sleepy people  
Down in your alleys, seems that anything goes  
Blue films flicker, hands of a stranger  
Getting to know you and I'm getting to like you Sleazy city, sleepy people  
Down your alleys, seems that anything goes  
Blue films flicker, hands of a stranger  
Getting to know you, getting to like you Sleazy city, seedy films  
Breathing so heavy next to my neighbor  
Let's get acquainted, getting to know you  
Feeling sleazy in sleepy Sin City  
Feeling sleazy in sleepy Sin City Sleazy city, sleepy people  
Down in your alleys seems that anything goes  
Blue films flicker, hands of a stranger  
Getting to know you and I'm getting to like you Hey, isn't that you on the screen?  
Isn't that you on the screen?  
No, shucks, not me  
Getting to know you, I'm getting to like you Getting to know you, getting to like you  
Getting to know you, getting to like you  
Getting to know you, getting to like you  
Getting to know you, getting to like you  
Getting to know you, getting to like you  
Getting to know you, getting to like you
