

Bring It Back

Shawn Mendes

Taking it slow
Isn't easy if as far as you go
It's only half as far as you and I know
Know yeah Coming out from above
A little something
And it's only because
I don't ever wanna see you in love
But I know That you've been
Coming off strong lately
And I can feel that
Been thinking that maybe
You gotta, another shot at me
Thinking possibly
Somehow but not now And it's been spinning around like a hurricane
And the sound of the thunder
That's beating my head to the ground
But I, I know That I can't go back,
To this,
To her,
To what we used to have. It's black and burns,
My god this is so sad
And it'll only make things worse,
If we bring it back And I mean if you believe,
That there is something still between you and me
And baby honestly, yeah
You're not the one for me And I can't go back,
To this,
To her,
To what we used to have. It's black and burns,
My god this is so sad,
And it only makes things worse,
If we bring it back If we bring it back,
If we bring it back,
If we bring it back,
If we bring it, back
