Credit

Tower Of Power

Go and get it with your good credit
Go and get it with your good credit
You can do the town paint it up red
Don't worry about a thing you don't need no breadGo and get it with your good credit
You can dine in style, live like a king
Keep the spirit flowing ain't no big thing
Go and get it with your good creditCreate a flash with that plastic cash
You don't need no green to make the sceneGo and get it with your good credit
Check it out
Go and get it with your good credit
You can pay your bills, cop a tailor made suit
Sign on the line, you don't need no lootGo and get it with your good credit
And I will show you what to do
You can rent a car fill the tank with gas
Cruise to the limit without no cashGo and get it that's a fact Jack
With your good credit
Yeah, I like it like thatCreate a flash with that plastic cash
You don't need no green to make the sceneGo and get it with your good credit
I, I, I got to take it with me
Go and get it with your good credit
All you got to do is charge itOh yeahGo and get it with your good credit
Go and get it with your good credit
Impress your friends do it to the max
And what do you know
You don't need no scratchGo and get it with your good credit
Lookey here, lookey here, lookey here, lookey here
Go and burn your ribs like ya done a lot of talking
That need a second look and take a honey suckle
Mother ain't no foolGo and get it with your good credit
Now you know what to doCreate a flash with that plastic cash
You don't need no green to make the sceneI'm trying to tell you
Go and get it with your good credit
Try one, try big, try to take it with me
Go and get it, go and get it, get it
Get it, get it, get it, get it, hey
With your good credit
I like it, you like, I like it, they like it, yeahGo and get it with your good credit
There's no doubt about it
Go and get it with your good credit

Don't leave home without itGo and get it with your good credit
There's no doubt about it
Go and get it you're gonna need it
With your good credit
Don't leave home without itYeah, yeah, yeah
Yeah, yeah
