## **Move On**

## **George Michael**

I've been in and out of favor with lady luck

I gotta tell you, I've seen things I never wanted to see

I've got to get back on my feet, I feel like I've been sleeping

Sweet, sweet time has been a real good friend of mineWaiting for that change of season

Oh, the winter's been so long

Searching for that rhyme or reason

You've just got toMove on, yeah

Hold it together, move on, move on

Life's so short, move on, only time will set you free

You put your tears behind you, better get yourself where you wanna be

I think of all the days and nights I spent crying and I move on I've been in and out of favor with love because I gotta tell you

I've been things I never wanted to be

And then some angel called me up, he told me I was sleeping

Said "Don't waste time 'cos even angels say goodbye" Waiting for that change of season

Oh, the winter's been so long

Searching for that rhyme or reason

You've just got to Move on, yeah

Hold it together, move on, move on

Life's so short, move on, only time will set you free

You put your tears behind you, better get yourself where you wanna be

I think of all the days and nights I spent crying and I move on And oh, there goes another season

Getting hard to find a decent song to play

But oh, I guess I got my reasons

Everybody thinks I'm doing a.o.k

They ought to know by now, yeahOh, that such a thing should make a mark on your life

And don't you think that maybe, moving on good advice?

Move on, I tell youMove on, yeah

Hold it together, move on, move on

Life's so short, move on, only time will set you free

You put your tears behind you, better get yourself where you wanna be

I think of all the days and nights I spent crying and I move on And life, she won't wait for me to move on

Put your feelings behind you

Better get yourself where you wanna be

I think of all the days and nights I spent crying

Until my angel set me freeI'm gonna be lucky in love someday

I'm gonna be lucky in love someday
