train of Thought

Stan Ridgway

I've wandered far and wide
This road keeps winding on
Can't stop these hands of time
Or right a world gone wrongChorus:
And I guess somewhere way out along the way
There was a vision I got
But then I lost my train of thoughtNow I don't mean to stall
Or keep you here too long
Like echoes off the wall
It's here and then it's goneChorus:
And once all and everything came back to me
All the battles we'd fought
But then I lost my train of thought
I lost my train of thoughtAll the world and history
Burns like a bad sign
And here within my reach revealed
The clouds part in my mind
I see the love that I sought
But then I lost my train of thought
I lost my train of thoughtThe road is winding down
I'll need another clue
This seems familiar now
Or is this deja vuChorus:
And I guess somewhere way out along the way
There were feelings I fought
But then I lost my train of thought
I lost my train of thought
My train of thought
My train of thought
