

Let Me Love You Tonight

[Phil Vassar](#)

I know we're broken, I can feel the pain
Million words unspoken but your eyes say everything
You say it's over, you wanna be my friend
If I could reach inside your heart I'd make you mine again
It doesn't really matter who's wrong or right
Baby just pretend until the morning light
Let me love you tonight one more time
Maybe I can find a way to change your mind
Let me love you tonight, it's alright
I'll take what I can borrow, baby you can leave tomorrow
But let me love you tonight
Said it was easy to be you with me
It's gonna hurt believe me but I have to set you free
Just for a moment let's put away the blame
Close your eyes and remember when I was your everything

I know tonight is surely gonna end
So hold me in your arms and make love to me till then
Let me love you tonight one more time
And maybe I can find a way to change your mind
Let me love you tonight, it's alright
I'll take what I can borrow, baby you can leave tomorrow
But let me love you tonight
Give me a break for old times sake
And maybe baby you might wanna stay
Let me love you tonight one more time
And maybe I can find a way to change your mind
Let me love you tonight, it's alright
I'll take what I can borrow, baby you can leave tomorrow
But let me love you tonight, let me love you tonight
