

Wonderful Dreaming

[Lena Meyer-landrut](#)

If you never heard
About wonderful dreaming
I will tell you with that song
If you never sending out
Rays of your feelings
I will get you with that song
As soon as I say
Don't you turn around
Would you please don't get me wrong
If you never heard
About wonderful dreaming
I will tell you with that song
Coming to life
Sunday morning
Had a good time in a way
Cloudy weather
But I don't care about, no
I had a sunny night today

And if you never heard
About wonderful dreaming
I will tell you with that song
If you never sending out
Rays of your feelings
I will get you with that song
As soon as I say
Don't you turn around, baby
Would you please don't get me wrong
And if you never heard
About wonderful dreaming
I will tell you with that song
As soon as I say
Don't you turn around
Would you please don't get me wrong
And if you never heard
About wonderful dreaming
I will tell you with that song
