

Change Is Gonna Come

The Marshall Tucker Band

CHANGE IS GONNA COME

(Tommy Caldwell)

There was a time I dreamed about money

Was a day I feared growing old

Many times have come

When I'm thinking 'bout you, honey

And if you leave me girl

I got nowhere to go

Cause I know, yes, I know

A change is gonna come someday

Do you remember a long, long time ago

You would follow me

All the time

And everywhere I go?

Now I find myself a pot of gold

Living on another name

And what I got to know

Is it still the same?

Cause I know, yes, I know

A change is gonna come someday
