so what pull my teeth  
with your rabid foamin teeth  
you know what you're a freak  
you gotta a lot to say  
so what's the matter with you  
you took a look at the things that you can do  
you never wanted to feel this good right  
you never wanted to leaveso what it's all a game  
and you watch me fall asleep  
so fall out kill me please  
i never meant to meet you i was goin  
on a sweet vacation so i'll be away  
what a way to leave that's right i was goin  
for a sweet sensation  
so i'll be awayso what it's all a game  
with young dead put right on key  
fall right on fallen key  
with medicine believe me i'll be goin  
on a sweet vacation so i'll be away  
what a way to leave that's right i was goin  
for a sweet sensation  
so i'll be awayso what pull my teeth  
with your rabid foamin teeth  
so what it's all a dream  
as you watch me fall asleep  
so what punish me  
with your rabid foamin teeth  
you know what you're a freak  
you got a lot to sayi lost the wings that are my friends  
we're overseas let's not forget  
you are the waves that make me sink  
i've drowned myself beforei'm goin on a sweet vacation so i'll be away  
what a way to leave that's right i was goin  
for a sweet sensation  
so i'll be away  
what a way to leave that's right i was goin  
for a sweet sensation  
so i'll be away
